*The recruiting process for a scholarship baseball player can be overwhelming for both the parents and the player. Its hard to get prospective schools to see a player's skills, even when they play on travel teams and in tournaments. Pro Prospects college services were invaluable in helping us secure scholarship offers. Steve (Pinto) & his staff prepared us for the recruiting process and were there every step of the way, helping us achieve his goal of a Division I scholarship".*

## About Prep Baseball Report

Since its inception in 2005, the Prep Baseball Report has evolved into one of the country's biggest and most respected independent scouting services, with a singular focus of providing comprehensive coverage in every state we they're in. The mission of the Prep Baseball Report is to help prep athletes achieve their dreams of playing baseball at the next level.

Prep Baseball Report events are designed to provide players the maximum exposure. All players at events will be videotaped, and the edited performance will be hosted on the website. Their multimedia platforms and events work in tandem, ultimately creating the most powerful source of high school baseball promotion in each state.

### All Players receive:

- ⇒ An Online Profile with verified statistics
- ⇒ Scouting Report with Photo
- ⇒ Skills Video

Additionally, all subsequent stories written about a prospect will be linked to the player's profile, ultimately creating a one-stop shop for recruiters. Top players are listed in our statewide player rankings and overall rankings.
